

Scout Parents Volunteer To Formulate Program

WAR ON DOPE . . . Supervisor Kenneth Hahn (right) confers with Torrance City Councilman William J. Uerkwitz after the councilman presented a resolution from the Torrance City Council to the Board of Supervisors requesting assistance in solving the problems of narcotics use. Supervisor Hahn, at the request of Councilman Uerkwitz, has asked the county chief administrative officer and the sheriff to confer on the need to provide additional sheriff's crime lab facilities to identify evidence more rapidly. Juveniles arrested for narcotics offenses are being released, because the lab cannot identify evidence within the time prescribed by law, Supervisor Hahn said.

Crash Injures Officer

Torrance Police Officer Harvey W. Wolfe was reported in satisfactory condition Thursday after the police car in which he was riding collided with another vehicle early Wednesday.

Police said Wolfe was a passenger in a patrol car driven by Officer Steven Badenoch when the collision occurred at 2 a.m. near the corner of Crenshaw and Lomita boulevards.

Wolfe suffered a back injury and possible internal injuries.

THE DRIVER of the other car, Donald Hudgins of 3922 Emerald Ave., was arrested for felony drunk driving. He sustained a fractured shoulder and lacerations of the scalp.

Both Hudgins and Officer Wolfe were rushed to Little Company of Mary Hospital for treatment. Hudgins was later transported to Los Angeles County General Hospital.

POLICE SAID the accident occurred as the police unit was southbound on Crenshaw. The other vehicle, northbound on Crenshaw, apparently attempted to turn left onto Lomita Boulevard in front of the police car.

One of the complainants, Hadd-Co. Inspection Lab and Haddad Drilling Co., 2420 Amster St., claimed that a drain in front of the building became plugged, causing water and debris to break two glass panels and flood the building.

A second complainant, Ben-jor Products Inc., 2414 Amster St., seeks \$10,000 from the city to pay for flood damage to its building.

(Continued from Page A-1) Workers Union. Last Friday, two fire bombs were thrown at the plant, along with rocks and bottles.

The strike has been in progress since Jan. 20.

McClary told police he saw the flaming bomb — a milk carton filled with gasoline — and threw up his arm to knock it down. The bomb struck McClary on the arm and ignited his jacket.

The guard tore off his jacket and extinguished the blaze. He then put out the fire bomb.

Red Cross Sets Baby Care Class

Before the baby comes, after the baby arrives, and during that all important first year, graduates of the free Red Cross Expectant Parents Class are better prepared, according to Mrs. Abner Kaplan, nursing programs chairman for the Harbor area.

The course, which is taught by a registered nurse, includes discussion on the baby's progress from conception through birth, the need for periodic medical exams for both mother and baby, budgeting time and money, and community health as it affects the family.

In this area, a free class will begin March 3 at the Red Cross Service Center, 1499 W. 1st St., San Pedro. The class will meet Monday and Wednesday from 7:30 to 9:30 p.m.

Enrollment reservations may be made by calling the Red Cross.
